

Small Business saturday

[Small Business](#) is coming up this weekend on 11/26 and is a perfect time to step back from the crowded craziness of the malls and chain stores to support your favorite local business.

Supporting locally owned business is vitally important to our regional economy, but it is as equally important to you as a consumer. The gifts that you buy from a local merchant are usually of a superior quality and generally made in the United States. Like all of our products made here at Barrel-Art, made from the finest wood and made to last a lifetime. You can be assured that each item is handcrafted in our workshop and will be shipped to you immediately with our personal guarantee of quality.

Check out the many products we have to offer on our website that are sure to please the most discerning person on your gift list. You can also find many of our items at [Mrs. Pinkadot](#) on Granby Street in Norfolk, Va or stop by our next event, the Holiday Artisan Market, on Dec. 3rd from 12-6pm at [Commonwealth Brewing Company](#). We hope to see you there.

Happy Holidays and Happy Small Business
